

# The 'smart' solution to your Duty of Care

Southern Monitoring and Northern Monitoring's

## ArchAngel Carer

A sophisticated, legally compliant and cost effective solution for Lone Workers

This unique solution works in parallel with MAS which is why it is our choice for a smarter Lone Worker protection.

This product has all the benefits of the ArchAngel, plus enhanced protection - its innovative app uses the phone's GPS to convert a smartphone into an advanced Lone Worker device so no outlay for more hardware.

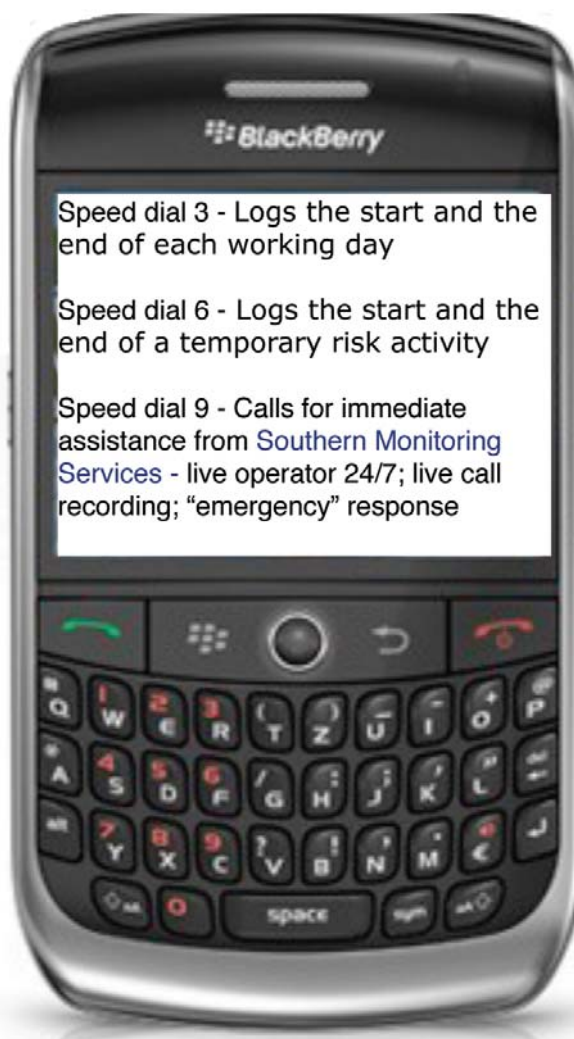

- Enhanced monitoring; alerting technology (man down; covert panic button)
- Flexible - tailored to meet business and individual Lone Working risks
- Cost effective - works on most smartphones
- Time efficient - logging is automatic; no need for a two-way conversation
- User-friendly and easy - uses the text message facility
- Suitable for all risks - low, medium, high and very high
- Monitored by Southern/Northern Monitoring Services - for added reassurance
- Can reduce insurance premiums
