

SMS and NMS provide bespoke and robust CCTV activation and visual verification services. Our new pricing model enables CCTV to be cost effectively monitored, dependent upon activations.

SMS and NMS are BS8418 certified, enabling our operations staff to Police from accredited CCTV systems.

All operational staff are fully SIA accredited for CCTV control.

Service	Environment	Considerations	Pricing
CCTV monitoring	<ul style="list-style-type: none"> Closed or contained sites Out of sight of public areas 	<ul style="list-style-type: none"> Plant growth – movement causes higher activations. Consider alarm-led activation monitoring. On-site movement – flags, wildlife, people on site out of hours. Create schedules of arming and disarming the site and when known individuals will be present. 	<p>Standard</p> <ul style="list-style-type: none"> Non-BS8418 <p>Please contact SMS for current pricing</p> <p>Activation based</p> <p>Please contact SMS for current pricing</p>
Guard Touring	<ul style="list-style-type: none"> Any site 	<ul style="list-style-type: none"> Random timings to guard touring 	<p>Standard</p> <p>Please contact SMS for current pricing</p>
Alarm-led CCTV Monitoring - Video Verification	<ul style="list-style-type: none"> Any closed or open site Alarm from separate signal (not directly from CCTV system) 	<ul style="list-style-type: none"> Alarm must be triggered by a sensor that is not camera activated to reduce activation potential 	<p>Standard</p> <p>Please contact SMS for current pricing</p>

Instructions for the ARC

Avoid use of vague instructions such as 'call on suspicious activity'. SMS and NMS call on:

1. People
2. People and vehicles
3. Specific instructions that are not subjective
