

SMART Test+

THE NEXT GENERATION IN MONITORING

SMART Test+ is our latest inbound test system for technicians. The system is available 24/7, allowing you to test systems automatically, eliminating queuing and hold times completely.

SMART Test+ from SMS - saving you time and money

We now have 3 fast and easy options to quickly and effectively test systems. These options will save your engineers time on site and remove any potential call costs.

**SMART Test+
Freephone
0800 008 3045**

 **MAS Web**

 **MAS Mobile**

SMART Test+ is an easy way for you and your engineers to place entire systems on test or select individual zones. You can also set a test time from 60 mins to 8 hours.

Call 0800 008 3045 to place an account on test.

SMART Test+ Technician Instructions
